

Verification Checklist

2026-05-18 build — offline mode · on-site photos · Task module · 4-stage material transfer · attendance & daily-log confirmation · spinner & password-reset fixes

Walk each test on storeyinfra.com. Tick the box, note anything that breaks.

Part 1 — Backend & deployment (already verified)

Check	Result
Web app live (storeyinfra.com)	PASS — HTTP 200
Edge functions responding	PASS — HTTP 200
All migrations applied to live DB (009 ... 20260518170000)	PASS
New tables tasks, task_updates exist	PASS
attendance / daily_logs / material_transfers columns applied	PASS
site-photos storage bucket migration applied	PASS

Part 2 — Manual UI tests

Mark each test: pass / fail (note what happened) / skipped.

T1 — Tasks: cascade assignment

- ☐ Contractor creates a task, assigns to a Site Manager
- ☐ Site Manager adds a sub-task, assigns to a Supervisor
- ☐ Supervisor adds a sub-task assigned to a Worker

Expected: the assignee dropdown shows only the next role down each time

Result: _____ Notes: _____

T2 — Tasks: daily update + status

- ☐ Log a daily update on a task with a note + photo
- ☐ Move Pending → In progress → Submitted
- ☐ As the assigner, Confirm it → becomes Done
- ☐ "Send back" a Submitted task → returns to In progress

Expected: overdue tasks show a red "N days late" badge

Result: _____ Notes: _____

T3 — Material transfer: 4 stages

- ☐ Store Keeper / Site Manager initiates a transfer
- ☐ From-site Supervisor confirms dispatch — from-site stock drops
- ☐ Store Keeper / Site Manager approves it
- ☐ Receiving site accepts with quantity — to-site stock rises

Expected: the Activity log shows who did each stage + when

Result: _____ Notes: _____

T4 — Attendance confirmation

- ☐ Supervisor marks attendance → shows "pending confirmation"
- ☐ Site Manager → "Confirm Day" → shows Confirmed
- ☐ Reports → Attendance: unconfirmed day shows the amber "pending" banner

Result: _____ Notes: _____

T5 — Daily log confirmation

- ☐ Supervisor files a daily log → badge "Pending"
- ☐ Site Manager confirms → badge "Confirmed"
- ☐ Edit a confirmed log → returns to "Pending"

Result: _____ Notes: _____

T6 — On-site photos

- ☐ Add a photo on a daily log / expense / receipt / worker
- ☐ Camera opens (not gallery first) on a phone
- ☐ Saved photo shows a date-time stamp in the corner
- ☐ Tap a thumbnail → opens full-size; tap / close to dismiss

Result: _____ Notes: _____

T7 — Offline mode

- ☐ Turn off the network (airplane mode)
- ☐ Mark attendance / file a daily log / add an expense
- ☐ Offline banner appears; the entry saves locally
- ☐ Turn the network back on → banner syncs → data appears server-side

Result: _____ Notes: _____

T8 — Loading spinner

- ☐ Use the app a while; switch browser tabs and back

Expected: no endless "Loading Storey..." spinner; no full-screen blank-out on a background token refresh

Result: _____ Notes: _____

T9 — Password reset

- ☐ Login → Forgot password → enter email
- ☐ "Check your email (incl. spam)" message shows
- ☐ Email arrives from noreply@storeyinfra.com
- ☐ Link opens the Set-new-password page (not login/dashboard)
- ☐ New password set → lands in the dashboard

Result: _____ Notes: _____

T10 — Dashboards

- ☐ Supervisor dashboard shows "transfers awaiting your dispatch"
- ☐ Site Manager dashboard shows the "Needs your confirmation" panel

Result: _____ Notes: _____
